

Meng's Martial Arts Is The BEST Thing You Can Do For Your Child, GUARANTEED!

Why Meng's Martial Arts Will Benefit Your Child

Meng's Martial Arts works hand-in-hand with a child's school work, providing improved self-discipline, self-confidence, mental alertness, self-control, and goal setting.

Young people are taught at Meng's Martial Arts that through dedicated intense work, all worthwhile goals in life are possible.

Parents have attributed our program with improved grades as a direct result of the increased achievement, motivation, self-direction, and self-confidence provided by the program.

Help Your Child Set Positive Goals

It is important for each child to learn to set short term, medium term, and long term goals.

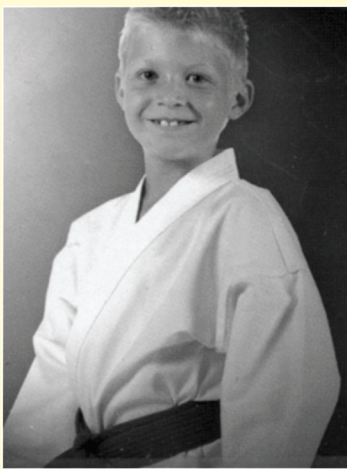

At Meng's Martial Arts every child's goal is the Black Sash. The Black Sash is a symbol of excellence in martial arts an an important tool for instructors and parents to use for developing desire, tenacity, and for teaching the importance of follow-through in any activity.

Meng's Martial Arts Will Help Your Child Get Better Grades

All young people in the program are required to bring copies of their grades from school, complete parent-teacher consent to promote forms, and complete exam qualification forms prior to testing.

Proper Use of Skill

It is constantly stressed to all students that martial art skills require them to never be abusive or offensive and are only for use defensively.

"Meng's Martial Arts Instructors work hand-in-hand with school teachers and parents to insure a well-balanced and focused development process for each child."

**Give us the time,
we'll give you the skill!
